

Realizing that some organizations have different event coordinators for different events, I have created an add on module available with version 6.00.13 that allows you to assign a unique coordinator for each event.

Options available are:

- Yes/No use event coordinator
- Email address of event coordinator (should be different from primary contact from company settings)
- WYSIWYG editor for email alert
- WYSIWYG editor for payment alert

ADD NEW EVENT

Event Description | Event Venue | Event Date/Time | Options | Coordinator | Confirmation Mail

Coordinator Options

Do you want to send alerts to a coordinator for this event? ? Yes No

Coordinator email:

Coordinator Registration Alert Email ? Visual HTML

B I [List Icons] [Link Icon] [Image Icon]

This is an automated response - Do Not Reply
[fname] [lname] has registered for [event].
Registration is for [num_people] person(s) for a total of [cost].

Path:

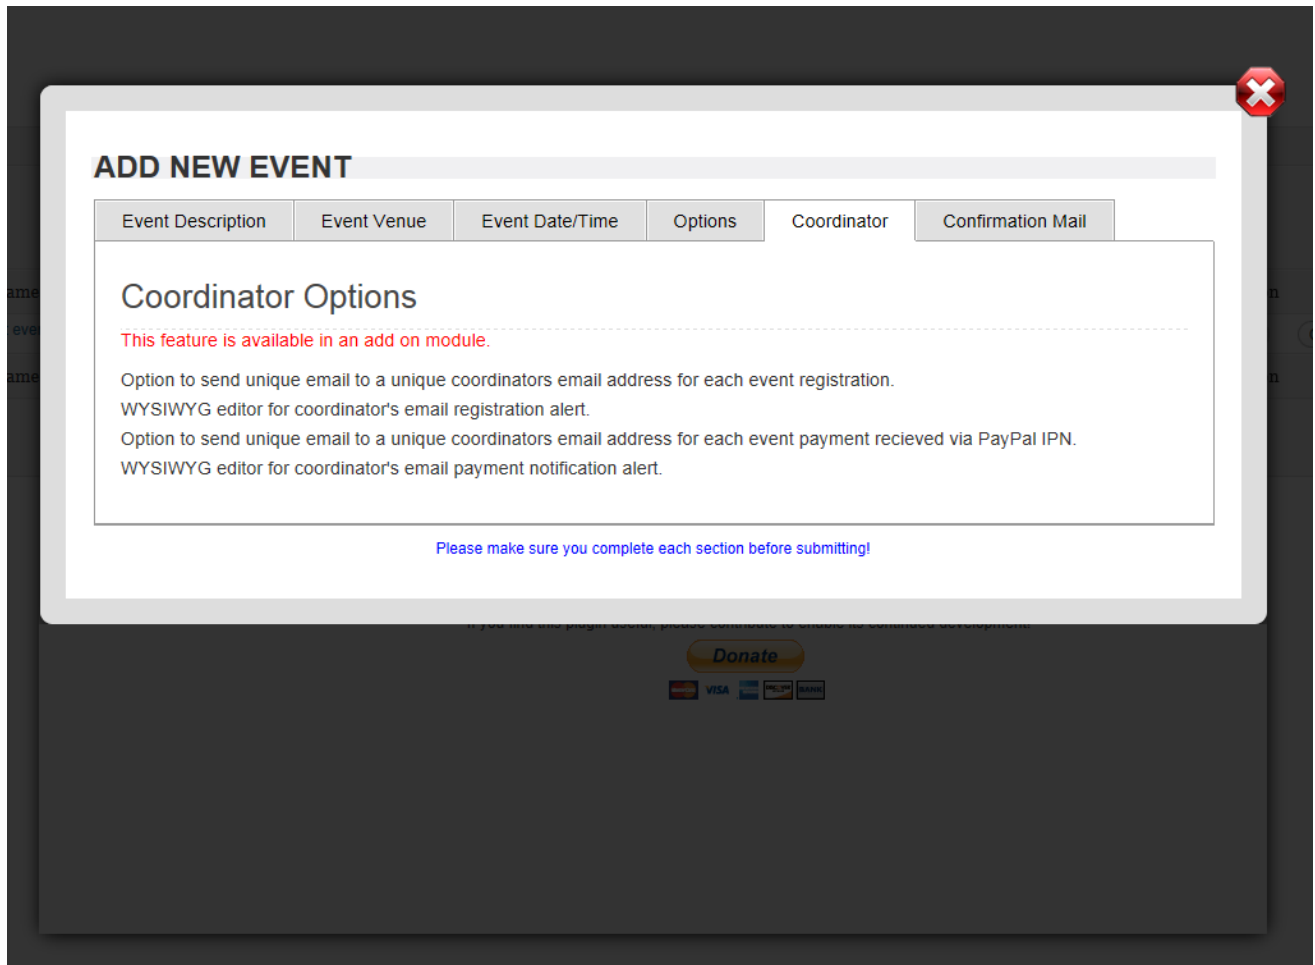

Coordinator Payment Alert Email ? Visual HTML

B I [List Icons] [Link Icon] [Image Icon]

This is an automated response - Do Not Reply
An instant payment notification was successfully posted from [payer_email] on behalf of [fname] [lname] ([attendee_email]) for event [event_name]([event_id]) on [pay_date] at [pay_time].
Details: [details]

Path:

Version 6.00.13 comes preconfigured to support the event coordinator module.

ADD NEW EVENT

Event Description Event Venue Event Date/Time Options **Coordinator** Confirmation Mail

Coordinator Options

This feature is available in an add on module.

Option to send unique email to a unique coordinators email address for each event registration.
WYSIWYG editor for coordinator's email registration alert.

Event Coordinator OptionModule

Please enter a key to activate Coordinator Module.

Thank you for purchasing the Event Coordinator Add On Module for Event Registration. To enable, you will need an activation key. Please send an email to support@wordpresseventregister.com to request the activation key. Please include your website and paypal receipt #.

Note: Each key is specific to your website/installation.

Paste Module Activation Key

Activate Module

You will be prompted for an activation key. This key will be emailed to you from THE EVENT REGISTRATION support staff. If you did not receive an activation key please email support@wordpresseventregister.com and list your sites url, payment date, and transaction ID. Our staff will email you an activation key.

Once you enter the key and the system accepts it, you will see a confirmation stating the module is active. NOTE: do not reenter again as this will erase the key and deactivate the module.
